A MIRACLE OF GENEROSITY. Horace Hagedorn (second from left, back row), founder of the Miracle-Gro Plant Food company, recently donated \$1 million to the Middle Country Public Library in Centereach, New York, to establish an endowment for the Family Place program, which supports community resource centers for families and young children in more than 160 libraries nationwide. This center has been renamed Hagedorn Family Place in his honor. Also pictured are (from left) Mother Goose, Clifford the Big Red Dog, MCPL Director Sandy Feinberg, library foundation trustee John Miller, and some young patrons.
